Olivia:

See attached some shots of beach in "post Helene" condition shortly prior to our rehab work.

Once we are done, and the sand is dragged with LLT-owned chain sand drag, I will get you some "after" photographs.

Oh, since LLT's 4-wheeler always used to pull the beach drag chains until the flood (when the 4-Wheeler was inundated and ruined), Sonya Ledford, on behalf of Ridgeline, may request the use of the Town's 4-wheeler to dress the beach sand using LLT's beach drag chains, which they did not lose in the flood -- once our contractor has reconfigured the beach. Just FYI.

More photos, once we have revamped the beach sand.

Thanks,
George
